WORLDVIEW

Chandramowli brings a classical touch to the financial portfolio tempered by his exposure to manufacturing, cross-border international trade, currency volatility, changes in RBI & SEBI guidelines, political and foreign exchange risk.

He has been forceful and compelling on MSME related issues like 'How can SME's become suppliers to large companies?', 'How large companies select their suppliers', 'Common factors of vendor rejection that you should avoid', 'How can SMEs strategically locate their plants', 'How can SMEs take advantage of PLI scheme' and so on

He believes India is poised to become a \$5 trillion economy by 2029 and take its place among the influencers of world economy thereafter!
